We understand that not all professionals are able to access learning during traditional training timeframes. We have therefore included a number of learning topics that can be accessed through digital learning and are available to view through a Sway format as detailed on our website.

Halton Children & Young People Safeguarding Partnership appreciates that at times agencies may need to cancel places reserved on training courses. However this can be costly in resources and preventing other delegates from making bookings. Therefore all non attendances on the day or cancellations made less than a week prior to the course date itself, will incur a charge in line with the HCYPSP Charging Policy.
